**Fourth of July Dinner.**

A fourth of July dinner will be given in the yard, west side of Michigan street, opposite the Parker House, in the city of Plymouth, for the benefit of the ladies' aid society. Dinner will be set from 11 o'clock A. M. till 2 P. M., on the 4th.

**Musical Convention.**

Prof. Lyman has been persuaded to give our young people and children a second course of instruction, to continue 3 days, commencing next Monday morning at 9 o'clock at the M. E. church, and will give a second and final Floral Concert, next Wednesday evening.

We believe this course of instruction will be of great advantage to our young people, and will enable them to make our own home entertainments still more pleasing and attractive, and greatly improve our Sunday school singing generally.

**Barnum's Hippodrome.**

The great Hippodrome. Barnum's coming event under canvas. A half mile of canvas and a quarter mile chariot race track.

We remember distinctly of seeing Barnum's Great Museum Circus and Menagerie three times in the West in 1872.

His last sensation is that of a great Roman Hippodrome. In New York city it covers a whole square, with a track only about a fifth of a mile around. But here it will be a quarter of a mile. An exact counterpart of that will be presented to the citizens of Marshall county, in Plymouth, on Tuesday, July 14th, when we shall expect to see a crowd larger than ever known here on a similar occasion. The hippodrome is not a circus, as those versed in the annals of classic history very well know. We are told by the managers of this novel enterprise, that there is no circus at all connected with it, not even a circus ring—only a broad magnificent track as wide as the Chinese wall, sufficient for 8 horses abreast, to run with the velocity of the wind, latched to gorgeous Roman and Grecian chariots, driven by experienced female charioteers. The entertainment is nothing more nor less than the perfect revival of all the classic sports and pastimes of the ancient Grecian and Roman Olympic Festivals and Games, wherein are beautifully represented Chariot Races, Roman Standing Races, Liberty Races, Elephant and Camel Races, Indian Races, Flat Races, Sack and Wheelbarrow Races, Walking Races by JAMES SMITH, the Champion Walkist of the world, who will walk against a running Elephant. Also, Steeple Chases and Hurdle Races by English Thoroughbreds, with all the Athletic and Gymnastic Sports of the Ancient Curriculum, such as Perilous Flying Men, Herculean Canon Ball Performers, Contortionists and Trapezeists by a hundred first-class male and female champions of the festivities of the classic days of oriental kings, potentates, and emperors.

The great track, 1,000 Ft. around, is covered by a spacious canopy, and is flanked with Amphitheatre seats capable of seating 10,000 people, with ample protection from sun and rain. The whole is brilliantly illuminated by night with 5,000 patent gas clusters and jets, presenting a grand and magnificent sight. To avoid the great crowds of the evening, the morning and afternoon exhibitions are more preferable for families, ladies and children.

**Floral Concert.**

One hundred voices. The entire class in beautiful costume. One of the prettiest sights ever witnessed in Plymouth.

The members of the musical convention, which has been in session in our city for the last four days, will give a grand Floral concert at the M. E. church, on Friday evening next. The entertainment will consist of songs, duets, quartettes, choruses, calisthenic and gymnastic exercises, military drill, tableaux, &c.

The concert will be under the management of Prof. Lyman, who has been engaged for many years bringing out these concerts in nearly all the leading cities of the west, and with the most astonishing success.

We take pleasure in saying to our readers that we have seen a large number of notices of the concert, letters from a multitude of the Clergy, Superintendents of schools, together with documentary evidence of Prof. Lyman's Professional standing, both in law and medicine, and all bear testimony of his high professional standing, and enable us to say to our readers that we doubt not this will be one of the most novel, amusing and enjoyable concerts ever given in our city.

Admission only 25 cents; children 20 cents. Doors open at 7 o'clock, commence at 8.

**"HOW TO GO WEST."**

This is an inquiry which every one should have truthfully answered before he starts on his journey, and a little care taken in examination of routes will in many cases save much trouble, time and money.

The Chicago, Burlington & Quincy Railroad has achieved a splendid reputation in the last three years as the leading Passenger Route to the West, Starting at Chicago or Peoria, it runs direct through Southern Iowa and Nebraska, with close connections to California and the Territories. It is also the shortest line and best line to Quincy, Missouri, and all points in Kansas and New Mexico. Passengers on their way westward cannot do better than to take this route.

This line has published a pamphlet entitled "How to go West," which contains much valuable information; a large, correct map of the Great West, which can be obtained free of charge by addressing the General Western Passenger Agent, Chicago, Burlington & Quincy Railroad, Chicago, Ill. Jan 10-74-yl.
